Hours of Non-Stop Innovation

Rewards & Opportunities

**Worth ₹96+ Lakh**

Sanskriti University, Mathura

Rewards & Opportunities

# Worth ₹96+ Lakh

₹ 2

↘ Lakh- Cash, Goodies,  
Recognition & Exclusive  
Awards

₹ 12

↘ Lakh Cloud  
Credits

₹ 50

↘ Lakh Startup  
Incubation Support

₹ 32

↘ Lakh Mentorship &  
Internship Opportunities

---

Innovation Deserves Recognition  
and Real Opportunities.

# INNOVATION TRACKS

Participants can Build Innovative Solutions across Multiple Technology Domains.

## AI & ML

Develop intelligent systems that automate processes and solve complex problems using data and algorithms.

## Robotics & Automation

Create innovative robotic systems & automation technologies for real-world applications.

## Mobile & Web Applications

Design powerful applications that improve digital experiences and services.

## Web3 & Blockchain

Build decentralized applications and explore the future of internet technologies.

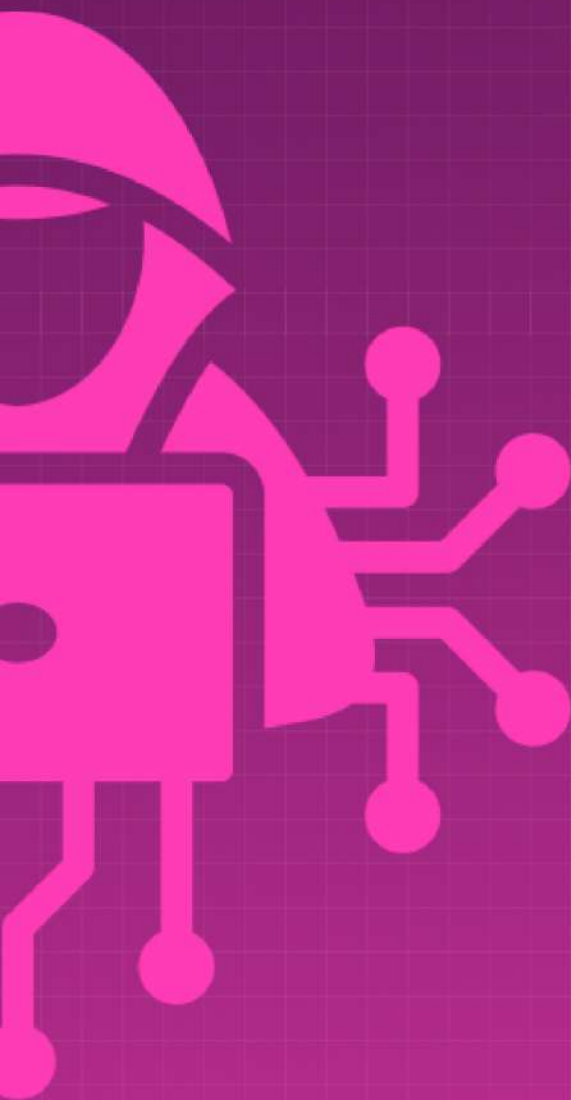

## Open Innovation

Develop solutions addressing real-world challenges across industries.

# Join SPARK HACK in 5 Simple Steps

## HOW TO PARTICIPATE

### ↳ Step-1

Create a team of 4 members with complementary skills such as coding, design, and innovation.

---

### ↳ Step-2

Fill out the registration form and submit team details including:

- Team name
  - Member details
  - College / University
  - Contact information
- 

### ↳ Step-3

Teams submit a brief idea or concept aligned with hackathon tracks.

---

### ↳ Step-4

The organizing committee will shortlist teams based on innovation and feasibility.

---

### ↳ Step-5

Selected teams participate in the 24-hour hackathon at Sanskriti University to build their prototype.

# EVENT TIMELINE

↳ Registration Opens

**16** | March  
2026

---

↳ Idea Submission  
Deadline

**24** | March  
2026

---

↳ 24-Hour Hackathon  
Event

**31** | March  
2026

During SPARK Techno Cultural Fest 2026

---

↳ Final Pitch & Judging

**01** | April  
2026

---

↳ Winners  
Announcement

**01** | April  
2026

# MENTORS & JUDGES

Participants will receive mentorship from

- Technology Experts
  - Industry Professionals
  - Startup Founders
  - Academic Researchers
- 

Mentors will guide teams in

- Technology Architecture
  - Startup Strategy
  - Product Design
  - Pitch Preparation
-
